2022 年為協會成立 50 周年的重要里程碑。適逢在香港肆虐兩年多的新冠疫情開始緩和，服務運作得以逐步恢復正常。協會亦舉辦了一連串 50 周年紀念活動，例如 50 周年啟動禮、遊藝節、3 “Free”D 生活設計比賽、坪洲「傷健路徑樂·玩·藝」、50 周年紀念典禮、共融節 2023 暨《探索共融村》挑戰賽等，並製作了 50 周年主題曲《同行》及推廣動畫，讓公眾人士更加認識協會的服務及成果。

50 周年紀念亦提供了一個機會，回首過去，展望將來。在過程中，協會同寅都很高興見到協會茁壯成長。不忘致力於傷健共融的核心理念外，亦延伸至長幼共融、跨代共融、跨家庭共融、社區共融等等的「多元共融」領域，不斷推進。在編製出版的五十周年紀念刊物內，大家可閱讀到更多詳情。

在本個年度，協會成功獲社會福利署批准，開辦「融·點」地區支援中心（南區），為居住在南區的傷殘人士、其家人和照顧者提供一站式服務和支援，讓協會於傷殘人士及照顧者的服務上，再向前踏出一步。協會早於十多年前，已開始為傷殘人士的照顧者提供直接的輔導及支援服務，是這方面的先導機構。現時，社會上對照顧者的服務需要日益增加，協會定會在不同的範疇內，加強為照顧者所提供的服務。

此外，於上年度的報告內提及過，協會獲香港賽馬會慈善信託基金撥款興建一座三層高多功能服務中心。協會於本年度內已委任項目經理、建築及有關顧問公司及工料測量顧問公司。預計興建工程於 2024 年初開始。屆時，除了有關人士獲得服務外，對協會推動傷殘人士與健全人士，以至不同傷殘類別人士、長者與青少年、以及跨家庭的共融，將會發揮極大作用。

除了著重服務的順利推行外，董事會亦明白各持份者十分關注受資助機構的管治和管理。因此，董事會不斷留意各政府部門的政策和措施，及各資助機構對協會財務及服務質素上的監管要求，而在積極制定及檢討協會各項政策及程序的同時，亦確保協會能有效運用資源、管理員工及挽留人才。

協會在 2022/23 年度繼續錄得盈餘。在持守穩健、審慎理財的原則下，為了有效運用社會福利署整體撥款儲備及協會儲備，本年度檢討了社工的薪酬，加強在人力市場的競爭力，希望能有助協會建立一支優質的社工隊伍；亦預留資源，作為改善設施及發展服務之用。

在此，本人謹代表協會，衷心感謝各同行者對共融理念的支持，包括社會福利署、康樂及文化事務署、勞工及福利局、民政及青年事務局、社區投資共享基金、其他政府部門、香港公益金、香港賽馬會慈善信託基金、中國銀行（香港）有限公司、眾多商界伙伴、慈善基金、善長、義工和中心會員等，期盼他們在未來的日子仍能繼續支持協會，正如協會 50 周年主題曲的歌名《同行》所言，「一起同行，推動共融友善的社區」。亦讓協會得以持續發展，為建立包容、關愛、和諧的香港社會，作出更大貢獻。

主席 何永煊

# Chairman's Report

2022 marks the important milestone of the Association's 50th Anniversary. With the easing off of the COVID-19 pandemic and the resumption of normal service operation, the Association organized a series of 50th Anniversary activities, including 50th Anniversary Opening Ceremony, Handcraft Carnival, 3 "Free" D Lifestyle Design Competition, "Inclusive Paths of Fun, Play and Art" in Peng Chau, 50th Anniversary Commemoration Ceremony, PHABestival 2023 and PHAB Discovery Challenge, etc. A theme song for the 50th Anniversary, "Together", and an animation promotion video were also produced to let the public better understand the Association's services and achievements.

The 50th Anniversary also provided an opportunity to look back at the past and to look forward to the future. During the process, colleagues are very glad to see the Association growing from strength to strength. While devoting to the core "PHAB" concept is maintained, extension is made continually towards areas of integration between the young and the old, inter-generation integration, inter-family integration and community inclusion, etc., together represent a multi-faceted form of societal integration. In the commemoration publication compiled for the 50th Anniversary, readers can find more details.

During the year under reporting, the Association successfully obtained approval from the Social Welfare Department to operate an i-Point District Support Centre (Southern) to provide one-stop services and support for persons with disabilities, their families and carers living in the Southern district. This new venture allowed the Association to take another step forward in providing

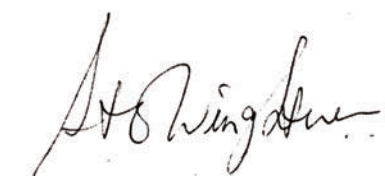

services for persons with disabilities and their carers. The Association had, in fact, in more than a decade ago, started to provide direct counselling and support services for carers of persons with disabilities. With the increasing need for carers' support service in society, the Association will definitely strengthen its carers' support service in different areas.

In addition, as mentioned in last year's report, the Association was approved a grant from The Hong Kong Jockey Club Charities Trust to construct a three-storey Multi-functional Services Centre. The Association had already appointed project management consultant, architectural and associated engineering consultants, and quantity surveying consultants during the year. Construction works are expected to begin in early 2024. At completion, apart from rendering services to users, it will also play an important role in promoting the integration of persons with and without disabilities, persons with different disabilities, the young and the old; as well as cross-families integration.

Apart from focusing on the smooth implementation of services, the Board of Directors also understands that various stakeholders are very concerned with the governance and management of subsidized organizations. Therefore, the Board constantly pays attention to the policies and measures of various government departments, and the requirements of different funding bodies on financial and service quality aspects. At the same time that it formulates and reviews various policies and procedures to ensure that the required requirements are met, it also ensures that the Association can effectively use its

resources, well manage the employees and retain talents.

On behalf of the Association I would like to express my deepest gratitude to many different parties and our partners, who have shared and supported our belief in inclusion, including the Social Welfare Department, the Leisure and Cultural Services Department, the Labor and Welfare Bureau, the Home and Youth Affairs Bureau, the Community Investment and Inclusion Fund, and other government departments, The Community Chest of Hong Kong, The Hong Kong Jockey Club Charitable Trust, the Bank of China (Hong Kong) Limited, and many other corporate partners, charitable foundations, donors, volunteers and centre members, etc. We hope that they will continue to support the Association in the future, just as the title of the theme song of the 50th anniversary of the Association ("Together") says "joining hands to promote an inclusive and friendly community". This will allow the Association to continue to develop and make greater contributions to building an inclusive, caring and harmonious Hong Kong society.

「融·點」地區支援中心（南區）於 2022 年 9 月 15 日起，以位於薄扶林水塘道的賽馬會傷健營作為臨時中心場地，正式投入服務。中心以地區為本，為居住在南區的傷殘人士、其家人和照顧者提供一站式服務和支援，強化其家居及社區生活技能，協助他們融入社區；同時也為照顧者提供訓練及支援，舒緩照顧壓力。

### i-Point District Support Centre (Southern)

i-Point District Support Centre (Southern) officially commenced operation on 15 September 2022. The Centre was temporarily stationed in Jockey Club PHAB Camp located at Pokfulam Reservoir Road. The Centre adopts a district-based approach to provide one-stop community support services for persons with disabilities, their families, and caregivers residing in the southern district. It aims at enhancing their domestic and community living skills, facilitating their integration into the community. The Centre also helps carers to alleviate their stress arising from caring their family members with disabilities through the provision of training and support.

中心採用多角度之介入方法，務求更有效地支援不同殘疾類別服務使用者的需要，並且由社工、護士、物理治療師、職業治療師、言語治療師及臨床心理學家組成跨專業團隊，致力透過「共同協作」的方式、配合科技應用為使用者需要作相應介入，務求達致以服務使用者為中心的全人關顧。

中心預計於 2023/24 年第一季遷往位於鴨脷洲利東邨，繼續為更多的傷殘人士及其家人和照顧者提供服務。

### 「融·愛·傳·承」照顧者精神健康支援計劃

計劃由政府的醫務衛生局資助，協會於 2022 年 4 月 1 日展開為期兩年的「融·愛·傳·承」照顧者精神健康支援計劃服務。計劃採用台灣照顧者咖啡廳的服務框架，應用於傷殘人士的照顧者身上。計劃於協會服務單位及與外間不同機構合作舉辦照顧者茶座服務。傷殘人士家屬及其照顧者於茶座與同路人以輕鬆分享照顧路上的喜與悲，並透過定期的分享及交流，讓照顧者獲得服務資訊，提供喘息活動，並協助他們建立獨有的支援網絡。

計劃更培訓一群傷殘會員於茶座中擔任「照顧者精神健康支援大使」，他們於過程中協助場地運作、準備餐點，並以「陪談員」身份識別受精神困擾之照顧者，讓義工們感受到「助人自助，自助助人」之樂。

計劃亦定期舉行企業茶座、街站，以及於網上平台分享打氣影片，於社區及企業中推廣「照顧者身份」及精神健康之重要性，推動社區共融及弘揚「愛自己」的訊息。

截至 2023 年 3 月 31 日，計劃已舉行 122 節照顧者茶座，服務 559 人次；於全港不同區域舉行共 10 次照顧者精神健康諮詢街站，合共接觸 1,180 位社區人士；於企業中為 305 名在職照顧者提供專屬的照顧者茶座。

The Centre uses a multi-dimensional intervention approach to effectively support the diverse needs of service users with different disabilities. Through a collaborative approach and the application of technology, its multi-disciplinary team, comprising social workers, nurses, physiotherapists, occupational therapists, speech therapists, and clinical psychologists, is committed to providing holistic care with a client-centered perspective.

The Centre is expected to move Lei Tung Estate in Ap Lei Chau in the first quarter of 2023/24 to continue providing services to more persons with disabilities, their family members and carers.

### We Care Community Support Project

With the funding support from the Government's Health Bureau, the Association launched the WeCare Community Support Project on 1 April 2022 for a period of two years. The project adapts from the service framework of Taiwan's Caregiver Café for carers of persons with disabilities. The project collaborates with service units of the Association and outside organizations to organize carers' cafés where family members and carers of persons with disabilities could share their joys and sorrows. Through regular sharing and exchanges, the project provides carers with information, offers respite activities and helps them to establish their own support network.

The project also trained a group of members with disabilities to serve as "Carers' Mental Health Support Ambassadors" in carers' cafés, who will assist in the operation of the venue, snack preparation, and play the role of "chaperones" to identify carers with symptoms of mental distress. In the process of providing service, the volunteers could experience the joy of "helping oneself while helping others".

The project also organizes corporate cafés, promotion booths on the street, and shares videos in online platforms to promote the concept of "carer identity" and the importance of mental health so as to help to build up an inclusive community and spread the message of "love yourself".

As of 31 March 2023, the project conducted 122 sessions of carers' café with an attendance of 559 persons. A total of 10 mental health consultation sessions for carers in different districts were held, reaching a total of 1,180 persons in the community. The project also served 305 carers through carers' cafes conducted in different companies for their employees.

## District Integrated Service 地區綜合服務

### ● 服務簡介

地區綜合服務透過四間傷健中心、「融·點」地區支援中心（南區）及情融坊家長資源中心，讓傷殘人士及其照顧者及健全人士藉着參加及組織社交康樂、教育性、發展性活動，以及專業支援服務等，促進個人成長及發展潛能，增進相互間的了解及接納，建立社區網絡及實踐「傷健共融」。中心亦透過照顧者支援服務，強化家庭功能、促進經驗交流及互相扶持，為社區上的照顧者打氣。單位亦積極進行地區上的聯繫工作，期望能夠與合作夥伴共同為服務使用者建立安全網。

### ● Service Introduction

District integrated services are delivered through our four PHAB centres, i-Point District Support Centre (Southern) and Family Hub Parents/Relatives Resource Centre. These services are purposefully designed to nurture the personal growth and develop the potentials of persons with disabilities, their carers, as well as persons without disabilities. This is realized through their active participation in social and recreational, educational, developmental activities, as well as professional support services, with the objective of fostering mutual understanding and acceptance, establishing their community network and ultimately actualizing the concept of PHAB Integration. Through the provision of carers' support service, the Centres help to enhance family functions, promote the exchange of experience and cultivate a culture of mutual support. The Centres are also actively engaged in networking different stakeholders in the district to establish a safety net for service users.

## 藝術發展

藝術發展凝聚了一班志同道合的會員，在不依賴語言、文字、沒有界限下，藉着藝術找到自我價值，發揮對藝術的興趣與創意，從中打破社區人士與傷殘人士之間的隔膜，推動「融合」的理念。

為此，傷健中心揉合藝術發展與青年成長的服務框架，以「生涯規劃取向」作為推行傷殘會員服務的其中一個主軸，並透過「延展工作概念」的理論架構，從傷殘會員的個人「興趣」發展為其「事業」，協助他們辨識和建立可轉移的「個人價值、態度、技能及知識」，並提供「有利環境」（資源、機會及網絡），促進他們邁向其理想的身份及生活。部份傷殘會員由以往的「受助者」角色轉變為中心不同藝術活動的「義務導師」，例如協助推行三維打印、木刻、髮型設計、編織及不同種類的手作藝術活動，甚至在社區內出任義工組織的後勤人員，為社會作出貢獻。

於過去一年，協會獲殘疾人士藝術發展基金及余兆麒醫療基金的支持，各個傷健中心舉辦多元化且較深層的藝術及表演培訓小組，例如陶藝、敲擊樂、舞蹈及非洲鼓培訓活動等，讓藝術活動給予會員充份的空間表達自己的情感，擁有一份鼓勵及挑戰自我，以及容納自身缺憾的能力。並透過藝術推廣，義工於社區進行社區藝術活動分享、表演及展覽以展示成果，成功拉近與社區人士的距離，讓彼此認識到互相的異同，從中打破各種隔膜，相互接納欣賞、包容和尊重，同時，透過藝術元素倡導共融工作，讓傷殘人士發揮的各種潛能。

## Art Development

Art development brings members with similar interest together without relying on language, words and removes boundaries. Using art can help to break the barriers between the public and persons with disabilities and promote the concept of PHAB integration.

To achieve this, PHAB Centres integrated art development and youth development for the service framework. "Career planning orientation" was one of the primary approaches used to provide services to members with disabilities. Through the theoretical framework of "extended job concept", the Centres helped members with disabilities to transform their personal "interests" into "careers", assisted them in identifying and establishing transferable "personal values, attitudes, skills, and knowledge". The Centres also provided a "conducive environment" (resources, opportunities and networks) to facilitate members in pursuit of their desired identity and lifestyle. Some members with disabilities transitioned from their previous role as "beneficiaries" to volunteer instructors of various art activities, such as 3D printing, woodcarving, hairstyling, knitting, and other forms of handicrafts. They even served as volunteers in the community, making significant contributions to society.

In the past year, with the support of the Arts Development Fund for Persons with Disabilities and S. K. Yee Medical Foundation, PHAB Centres organised a diverse range and in-depth arts and performance training groups, such as ceramics, percussion, dance, and African drumming. These activities provided a space for members to express their emotion, encourage and challenge themselves, and accept their own shortcomings. Through art promotion, volunteers shared, performed and exhibited their works in community art activities to demonstrate their achievements. These activities brought persons with and without disabilities together, let each other recognize their similarities and differences, break down barriers, accept, appreciate, accommodate and respect each other. These groups successfully advocated the integration of persons with and without disabilities and allowed persons with disabilities to demonstrate their potentials.

## 運動發展

近年，中風人數不斷上升。配合社區的需要，港島傷健中心推行「輪椅帶氧及中風後康復保健」計劃。不少會員在中風後依靠政府提供的短期的免費物理治療康復服務，但一年黃金期過後，會員會擔心自己因後續復健服務需要自費或重新排期而錯失了最好的復健時機，同時亦加重了自己或家人的經濟負擔。有見及此，傷健中心以試驗形式，為中風後一年已沒有使用物理治療服務及長期使用輪椅的人士進行一對一的針對性肌腱及帶氧運動等治療服務，受惠的會員反映參與計劃後，個人肢體活動及日常生活有明顯的改善，促使他們回到人生的正軌中。

各傷健中心在年度內亦加強以「運動與健康」為主題的項目，提升會員及照顧者的「自我管理」。除了善用樂齡及康復創科應用基金所購買的器材為會員提供訓練，同時亦透過新穎而具吸引力的運動項目，以及其他切合「後疫情階段」健康需要的訓練，例如新興運動、PS5 VR 體感遊戲、直播電競大比拼、TANO 多元化互動運動及復康訓練系統、戶外運動交流日、全年度運動獎勵計劃等，增加運動的趣味性及參與動機，促進會員及照顧者恆常運動的習慣，達致共同參與及彼此分享運動的樂趣，成功實踐「運動 Come Like Share」的目標。

## Sports Development

In recent years, there has been an increase in number of stroke cases. In view of this, Hong Kong Island PHAB Centre implemented "Aerobic Exercise for Wheelchair Users and Stroke Rehabilitation Programme". Many members relied on the short-term free physiotherapy rehabilitation service from the public hospitals after the stroke. After this one-year period, they may worry about missing the best opportunity for rehabilitation due to the need of paying rehabilitation service at their own expense or rescheduling their appointments. At the same time, the financial burden on themselves or their families also increased. In view of this, PHAB Centres provided a one-to-one targeted aerobic exercise service to stroke patients on wheelchairs and who had not received physiotherapy service for over a year. The service was well received by members who reported that there were significant improvements in their mobility and daily living, thereby facilitating them to resume normal daily living.

During the year, PHAB Centres also strengthened their programmes on "sport and health" to enhance the self-management skills of members and carers. Apart from utilizing the equipment funded by the Innovation and Technology Fund for Application in Elderly and Rehabilitation Care to provide training for members, they also organized innovative and attractive sports and training programmes, such as emerging sports, PS5 VR interactive games, live streaming of e-sports competitions, TANO diverse interactive sports, rehabilitation training

## 照顧者工作

照顧者每天全天候照顧傷殘人士，身心疲累，容易忽略自我壓力及需要。為了讓照顧者在照顧路上加添力量，提升他們的照顧能力與生活平衡，傷健中心推行一系列的照顧者工作，並以四個主題推行不同的小組及活動，包括(1)健康身體、(2)健康心靈、(3)健康飲食及(4)健康生活，有效促進照顧者身心靈的健康，達至照顧生活平衡。

小組及活動內容包括健康營養飲食、痛症舒緩運動、表達藝術治療、靜觀、減壓藝術創作及香薰治療等作，讓照顧者關注自身的身心靈需要，提升對自我的察覺，並在過程中感受當下，並慢慢學會舒緩壓力。另外，傷健中心每月推行「照顧者茶座」活動，為照顧者們提供減壓的地方，並由社工及經培訓的朋輩義工（同為照顧者）與照顧者傾談照顧上的生活點滴，了解他們的困難與需要，從而提升照顧者的身心健康及應對壓力的能力。

system, outdoor sports days, and annual sports reward scheme, etc., to meet the health needs of the members in post-pandemic period. These programmes aimed to increase fun and motivation of members to participate in sport activities and develop the habit of regular exercise, which ultimately achieved the goal of “Sports Come Like Share”.

## Carer Support

Carers provide round-the-clock care for persons with disabilities, often becoming physically and mentally exhausted and neglecting their own stress and needs. In order to provide support to them, enhance their caregiving abilities and help them to achieve a balanced life, PHAB Centres implemented a series of carer support programmes and activities. Based on the four themes, including (1) Healthy Body, (2) Healthy Mind, (3) Healthy Diet, and (4) Healthy Life, different groups and activities were conducted to effectively promote the holistic well-being of carers in achieving a balanced caregiving life.

The programmes and activities included healthy nutrition and diet, pain-relieving exercises, expressive art therapy, mindfulness, art creation, and aromatherapy. These activities aroused the awareness of the carers towards their own physical, emotional and spiritual needs, and learned to relieve stress. In addition, PHAB Centres implemented a monthly “Carer Café” programme to provide a place for carers to relieve their stress, in which social workers and trained peer volunteers (who are also carers) shared their experiences and needs so as to enhance the physical and mental health and ability of the carers in coping with stress.

The convenor of the Social Welfare Department’s Central and Western, Southern, and Islands District Planning and Coordinating Team invited i-Point District Support Centre (Southern) to produce a video in December 2022 to share the service of the Centre that highlighted the service needs of persons with disabilities and their carers in the Southern District. The video was screened at the 2023 of the Central and Western, Southern, and Islands District Welfare Service Planning Seminar / Service Coordination / Local Committee Joint Meeting. Service users and carers shared their experience of active participation in activities or trying new things despite physical and mental limitations. They also talked about the impact of the

社會福利署中西南及離島區策劃及統籌小組召集人邀請了「融·點」地區支援中心（南區），於 2022 年 12 月拍攝有關中心的服務分享錄像，介紹南區殘疾人士及其照顧者的服務需要；有關錄像亦於 2023 中西南及離島區福利規劃研討會暨地區福利策劃／服務協調／地方委員會聯合會議中播放。當中服務使用者和照顧者分享了自己或家人在身心受限的狀況下，積極參與活動或嘗試新事物的感受，並講述了疫情對他們的影響和在後疫情時代下殘疾人士可以如何邁出一步，勇敢面對新常態，並以用家身份繼續為自己發聲。中心於開展服務半年後迎上放寬疫情政策的喜訊，隨即積極舉辦更多多元化的活動、班組和治療小組，希望協助會員和家屬走出疫後的新天地。當中照顧者的支援活動、無障礙巡查能力建構、森林浴體驗、智慧家居導賞團以及職業、物理、言語治療和護理諮詢等服務取得顯著的成果。在 2022 年 9 月至 2023 年 3 月期間，單位提供約 270 節專職服務，並招募了超過 180 位傷殘會員。

情融坊家長資源中心參與了關愛基金於 2016 年起推出的「為低收入的殘疾人士照顧者提供生活津貼試驗計劃」。該計劃旨在向低收入家庭的傷殘人士照顧者發放生活津貼，以補助其生活開支，並讓有長期照顧需要的傷殘人士可在照顧者的協助下，得到更適切的照顧及繼續在熟悉的社區居住。中心社工定期與照顧者及受照顧的傷殘人士會面，以了解及強化照顧者的照顧能力，亦會就其福利需要及照顧計劃介紹合適的支援服務。部分照顧者的才能更被發掘出來，在中心擔當導師，由受助者轉化成助人者，過程中獲得其他家長的欣賞，提升了個人自信心與形象。

情融坊家長資源中心致力發展照顧者的潛能，讓照顧者不再單為受助者，同時可以成為助人者，成為中心導師、中心義工，將所學到的技能與人分享，將自己本有的技能貢獻中心。去年，中心利用問卷及平日相處的傾談中，發掘照顧者的技能，包括編織、甜品製作、各類藝術設計等，同時亦透過中心線上及線下的平台，讓他們有機會分享、實習，為重投社會或作兼職導師作好準備。經過一年的交流活動，中心成立不同的義工組，如彩繪義工隊、奇織義工隊、手作義工隊，讓一班志同道合的照顧者聚首一堂，成為社區貢獻者。

pandemic on them and how to take a step forward in the post-pandemic era to face the new normal and to advocate for themselves. With the relaxation of the government's pandemic prevention measures, i-Point District Support Centre (Southern) organized more diversified activities, groups, and therapy sessions to help members and their family members to adapt to the new lifestyle after the pandemic. Among them, support activities for carers, capacity building on inspection of barrier-free access, forest bathing experience, smart home guided tours, and services such as occupational therapy, physiotherapy, speech therapy, and nursing consultation have achieved significant results. During the period from September 2022 to March 2023, the Centre provided around 270 sessions of professional services and recruited more than 180 members with disabilities.

Family Hub Parents/Relatives Resource Centre participated in the "Pilot Scheme on Living Allowance for Low-income Carers of Persons with Disabilities" of the Community Care Fund. The Scheme was launched in 2016 to provide living allowances to low-income carers of persons with disabilities. The aim is to supplement their living expenses and enable persons with disabilities in need of long-term care to receive proper care from their carers and continue living in the community. Social workers of Family Hub Parents/Relatives Resource Centre regularly met with persons with disabilities and their carers to assess and strengthen their caregiving abilities. The Centre also introduced relevant support services based on their welfare needs and care plans. The talents of some carers have even been discovered, who then became instructors in the Centre, transforming them from service recipients to givers. This process helped to enhance their self-confidence and self-image.

Family Hub Parents/Relatives Resource Centre is committed to developing the potential of carers so that they are no longer service recipients but become instructors and volunteers in the Centre to help others, share their skills with other and contribute their talents to the work of the Centre. Last year, the Centre discovered the talents of carers through surveys and daily dialogues, including knitting, dessert making, and various forms of art and design. Through the Centre's online and offline platforms, they had the opportunity to share and practice their skills, preparing for reintegrating into society or becoming part-time instructors. After a year of exchange activities, the Centre established different volunteer teams such as the Painting Volunteer Team, Knitting Volunteer Team, and Handicraft Volunteer Team. These teams brought together a group of carers with same interest to contribute to the community.

外間協作

中心持續發展地區合作網絡，以加強對會員、照顧者及社區有需要人士多方位的支援，並推動「傷健共融」的理念。當中包括九龍西傷健中心與地區義工組織「建·祝義工隊」加強連繫及協作，共同推行多個合作項目，例如同區互助點心紙計劃、樓梯機計劃、輪椅斜板研製及轉贈計劃、編織頸巾送暖行動等。期間更榮幸獲得「建·祝義工隊」鼎力支持，協助於電台節目「有誰共鳴」為協會進行宣傳及募捐，讓協會的服務得以進一步發展和擴展。

而九龍東傷健中心亦參與地區團體合辦 2023-2024「多元·藝動」共融計劃，目標以藝術治療活動及新興運動的應用促進傷健共融的工作。中心特意舉辦流體藝術工作坊，傷殘人士及健全人士共同製作流體輪椅藝術裝置，響應是次共融活動。

疫情過後，情融坊家長資源中心中心積極連結地區團體，並與社區團體食德好合作支援大埔區低收入家庭。食德好義工先到街市向店舖收集賣剩的蔬果，交由中心婦女義工整理蔬菜，並於中心派發予社區的低收入家庭。

活動不只提醒社區人士減廢、識食惜物生活法則，更重要是動員了一班婦女義工，由到食德好收集，以至到中心派發，全由中心婦女義工一手包辦，從中增強婦女參與社區工作，關心有需要的家庭，一同貢獻社區。受惠人士不單是社區低收入的家庭，更接觸到隱蔽傷殘人士，讓他們再次與社區連結。

External Collaboration

Centres continued to develop networks in the districts in order to strengthen the support for members, carers and needy persons in the community, and to promote the concept of PHAB integration. Among them, Kowloon West PHAB Centre collaborated with “Build & Wish Voluntary Team” to implement several projects, such as the Dim-Sum Order Form Mutual Aid project, stairlift project, design and donation of ramps for wheelchairs project, scarf knitting and giving out project, etc. The Association also received strong support from the “Build & Wish Voluntary Team” in promoting and raising funds for the Association’s services in a radio programme so that the Association’s services could be further developed and expanded.

Kowloon East PHAB Centre also participated in the 2023-2024 “Diversity, Arts and Sports” Inclusion Project. The Project aimed at promoting the integration of persons with and without disabilities through the use of art therapy and newly emerged sports activities. To respond to the Inclusion Project, the Centre specially organized fluid art workshop to provide the opportunity for persons with and without disabilities to jointly produce fluid art installations for wheelchairs.

After the pandemic, Family Hub Parents/Relatives Resource Centre actively networked local organisations and collaborated with “Food Grace” to collect unsold fruits and vegetables from market stalls and distribute them to low-income families in the community at the centre by centre’s volunteers.

This activity not only raised the awareness of the public towards recycling and reducing food waste but also mobilised volunteers from the Centre to collect and distribute the food from “Food Grace”, thereby enhancing women’s participation in community work and enabling them to contribute to the community by helping families in need. Beneficiaries included not only low-income families but also hidden persons with disabilities in the community, who were able to re-establish their connections with the community.

## 就業服務 Employment Service

### ● 服務簡介

本會設有多項就業服務，以不同形式支援傷殘人士、離校青年及申領綜合社會保障援助人士，內容包括職前培訓、面試技巧、職前實習、在職支援、僱主支援及個人和家庭輔導工作。

「輔助就業服務」、「殘疾人士在職培訓計劃」及「陽光路上培訓計劃」三項綜合性就業計劃均由社會福利署資助，以不同形式支援傷殘人士，為他們提供適切的工作訓練，重回勞工市場，並在共融的公開環境中工作，盡展所長。為支援青年就業，協會多年來積極參與由勞工處資助的「展翅青見計劃」，為合資格的離校青年提供多元化的職前及在職培訓，讓他們認識其職業志向，提升他們的就業能力。

就業支援服務則以「一站式」及「家庭為本」的工作理念，為健全而申領綜合社會保障援助（綜援）的失業人士提供全面就業支援服務，鼓勵他們恢復個人自信心，增強受僱能力及對工作的積極性，使他們能達致自力更生及就業範疇上的社會共融。

### ● Service Introduction

The Association offers a range of employment support services in various forms to assist persons with disabilities, young school leavers, and those receiving Comprehensive Social Security Assistance. These services include pre-employment training, interview skills, internship opportunities, on-the-job support, employer support, and individual and family counselling.

“Supported Employment Service”, “On-the-job Training Programme for People with Disabilities”, and “Sunnyway-On-the-job Training Programme for Young People with Disabilities” are comprehensive employment support services subvented by the Social Welfare Department for persons with disabilities, with the objective of equipping persons with disabilities with the necessary skills to work in an inclusive environment. To support young people in employment, the Association has been actively participating in the “Youth Employment and Training Programme” of the Labour Department, which provides diversified pre-employment and on-the-job training to eligible young school leavers to better understand their work aptitudes and enhance their employability.

“Employment Support Services” adopts a one-stop and family-based approach to provide comprehensive employment support to unemployed persons receiving Comprehensive Social Security Assistance. Our goal is to restore their self-confidence, enhance their employability and work motivation, ultimately facilitating their self-reliance and integration into society in terms of employment.

**以家為本，共同克服家庭困境及就業障礙**

就業支援服務本年度共服務了 386 位失業綜援人士，當中有 118 名為首次參加服務，為他們提供了 3966 小時就業輔導，並有 108 位人士持續就業或重投校園。同工以個人介入、家庭介入和社會介入的工作手法，從而活化個人的積極性，增強家庭的互助性，讓個案感到關懷，恢復個人信心，克服家庭困境，重投社會就業。為強化個人及家庭的復原能力，減輕壓力，就業支援服務在 2022-2023 年度成功申請賽馬會慈善信託基金的賽馬會「新冠肺炎緊急援助基金」，為他們舉辦各類型的舒壓小組，讓服務使用者為自己作好準備，重投社會。另外，為加強服務使用者與社會的聯繫，就業支援服務在父／母親節、中秋節等節日與不同慈善機構合作，為綜援家庭送上溫暖。

**Family based employment service to overcome adversities and employment barriers**

Employment Support Services served a total of 386 unemployed Comprehensive Social Security Assistance (CSSA) recipients during the year, of whom 118 of them were newly enrolled service users. A total of 3,966 hours of employment counselling were provided to them. 108 service users had either remained in employment or returned to school. Staff members used individual intervention, family intervention, and social intervention to motivate service users, strengthen mutual support in their families, help them to restore personal confidence, overcome the challenges faced by their families, and re-integrate into society through employment.

To enhance the resilience of service users and their families, as well as reducing their stress, Employment Support Services successfully applied for "COVID-19 Emergency Relief Fund" from The Hong Kong Jockey Club Charities Trust in 2022/23 to organise various stress relief groups which enabled service users to well prepare themselves to reintegrate into society. In addition, to strengthen the connection of service users with the community, Employment Support Services collaborated with different charitable organizations on festivals, such as Fathers' Day, Mothers' Day, Mid-Autumn Festival, to bring warmth to CSSA families.

**拓展地區愛心僱主，支援基層人士就業**

在 2022-2023 年度，就業支援服務重建地區愛心僱主網絡，為基層人士爭取就業機會。在過去一年，就業支援服務與不同地區的僱主開展合作，如薩利亞、OK 便利店及 NASK 口罩廠等，讓服務使用者得到工作機會，達至自力更生。就業選配平台亦正式推出，為僱主、傷殘人士及基層人士增加就業選配的途徑，促進共融就業。本年度，有 108 位失業人士透過不同的援助及介入，安渡疫境，重投職場或校園。

**Expanding employer network to support employment of low income persons**

In the year 2022/23, Employment Support Services focused on rebuilding a network of caring employers in the district to secure employment opportunities for low income persons. In the past year, the Service developed partnership with different employers in the district, such as Saizeriya, OK Convenience Stores, and NASK Mask Factory, etc. to provide job opportunities to service users and ultimately achieving self-reliance. The Employment Matching Platform was also officially launched to provide a channel for matching service users with employers. During the year, 108 unemployed persons were supported through various interventions to navigate the challenges posed by the pandemic and reintegrate into the workforce or resume studies.

## Career Kick Start Project helped promote inclusive workplace

Through participating in the Career Kick Start Project under the Labour Department's Youth Employment and Training Programme, young persons with special employment difficulties were provided with 12-month on-the-job training. Since joining the Project in 2020, the Association employed a total of 27 young persons with special learning needs. The number of employees and participating units both increased from 5 in year 2000 to 14 in year 2022. Apart from providing a conducive environment for young persons with special learning needs to gain practical work experience, Career Kick Start Project also helped them to develop good work habits and social networks to facilitate them to integrate into the workplace, improve their employability, and unleash their potentials. The Project also encouraged people from diverse backgrounds and cultures to work together harmoniously in the workplace, respecting, accommodating, and supporting each other. Thus, helping to promote an inclusive workplace and a friendly community, and become a model of barrier-free workplace. Apart from following up on the employment of the participants, the Project provided a minimum of 80 hours of pre-employment training, including basic computer skills, interpersonal relationship, vocational skills and work attitudes, for them to lay a solid foundation before starting their employment. The Project also provided lectures and follow-up services for mentors in each unit to create an inclusive and harmonious workplace environment.

## 及早介入，為有特殊學習需要年青人提供生涯規劃小組

生涯規劃有助青年了解自己的興趣、優勢和職業目標，並且為未來做好準備。高中是青年生涯發展中重要的階段，學生們逐漸面對就業的各種選擇，包括進入讀職業學校或直接進入職場等。為了讓有特殊學習需要的青年有更好的生涯規劃，以及在畢業離校後盡快得到支援，中心與學校聯繫以及早介入，為準畢業生提供不同的生涯規劃支援服務，幫助他們掌握對未來的發展方向及規劃，確定學習目標和計劃，幫助他們了解自己所需要的支持和資源，以確保他們充分發揮自己的潛力並打下堅實的基礎。

中心於 2022 至 2023 年期間為 9 間主流及特殊學校提供與職業相關的生涯規劃小組，為有特殊學習需要的高中生提供職業生涯講座、行業體驗、職前訓練及工作實習等，參加人數超過 200 人，參與人次接近 300 人。透過及早介入，讓有特殊學習需要的高中生除了獲得更多實踐經驗和職業導向的指導，亦讓他們在日後的學習和職業生涯中更有自信和優勢。

## Early intervention by providing career planning groups for young people with special learning needs

Career planning can help young people to gain a clear understanding of their interests, strengths, and career goals and prepare them for the future. Senior secondary school is a crucial stage in the career development of young people, and during this stage, they gradually face various choices, such as entering vocational schools or entering the workforce directly. To ensure that young people with special learning needs could have better career planning and receive support services as soon as they leave school, the Centre established network with schools to provide early intervention for career planning support services. This helps them to develop direction and plan, determine their learning goals and plans, and understand the support and resources to ensure that they can fully unleash their potentials and build a solid foundation.

During 2022/23, the Centre provided career-related planning groups for 9 mainstream and special schools, offering career lectures, job experiences, pre-employment training, and job internships for senior secondary school students with special learning needs. Over 200 young persons participated, with a total attendance of approximately 300. Through early intervention, these students did not only gain more practical experience and career-oriented guidance but also increase their confidence and competitive edge in future learning and careers.

### ● Service Introduction

The Residential Service upholds the “PHAB Family” service model, which enables residents to become part of the community while bringing community living into the hostel to promote social integration. Through various living skill training programmes and provision of a safe and supportive environment designed like a family, residents can lead an independent and autonomous life. The Association operates two supported hostels, Unity Place and Pleasure Place, for persons aged 15 or above with intellectual or physical disabilities, who are capable of semi-independent living but may need some guidance or assistance with daily living activities. Unity Place provides services to 72 residents with intellectual and physical disabilities, and offers 4 residential respite placements and 5 day respite placements for persons with disabilities aged 6 or above. Pleasure Place provides services to 20 residents with intellectual disabilities and 1 residential respite placement.

建立『新生活模式』 - 鼓勵學習、善用科技

疫情過後，服務使用者重新建立新的生活模式，透過宿舍提供的個別訓練、小組及活動，引導他們學習獨立生活技能，在健康、習慣、嗜好及人際關係上作正面的轉變。期望在可見的將來，服務使用者能以不同形式回饋照顧者，見證他們的成長。為讓服務使用者的學習能與時並進，我們逐步增設一些與生活相關的科技設施，以配合未來的需要。照顧者對提升務服使用者獨立活動能力的學習目標表示認同，亦期待他們的成長。

促進全人健康發展 - 多元治療活動

為關顧服務使用者全人健康發展，宿舍會安排不同的專業服務，包括物理及職業治療、音樂治療、水療及言語治療等，為他們作多方面的評估及跟進。透過練習或設備支援，提升他們活動、溝通、吞咽及情緒表達的能力，全面支援在身心靈各方面的需要。以職業治療服務為例，服務使用者對專業的評估及訓練十分認同，有效讓他們的活動能力得以保持或提升。

Establishing a “New Lifestyle Model” - Encouraging Learning and Effective Use of Technology

After the pandemic, service users re-established their new lifestyle pattern. Through individual training, groups and activities provided by the hostels, service users learnt independent living skills and made positive changes in health, habits, hobbies and interpersonal relationship. It is hoped that in the foreseeable future, service users will be able to give back to their carers in different ways and let carers witness their growth. To ensure that service users can keep up with the times, the hostels have been equipped with technology facilities related to daily living to meet their future needs. Carers agreed with the learning objectives of enhancing the ability of service users in their independent living and look forward to their growth.

Promoting Holistic Health Development - Diversified Therapeutic Activities

To cater for the holistic health development of service users, the hostels arranged various professional services, including physiotherapy, occupational therapy, music therapy, hydrotherapy, and speech therapy, etc. to conduct comprehensive assessment and follow-up for them. Through exercises or the use of aids, their mobility, communication, swallowing and emotional expression ability were improved. The all-rounded support could also meet their needs in different aspects, including physical, mental, and spiritual health. Take occupational therapy as an example, service users were very satisfied with the professional assessment and training given to them, which had effectively helped them to maintain or improve their mobility.

## Counselling and Support Service 輔導及支援服務

### ● 服務簡介

協會的輔導及支援服務致力為社區內有需要群體提供專業輔導及支援，讓尚未獲長期及正規服務的人士獲得適切的援助，服務內容廣泛，包括上門輔導、復康訓練、社區資源配對、為個案轉介合適及正規的服務及舉辦成長小組等。服務包括由香港公益金資助的「照顧者專線」及由香港賽馬會慈善信託基金資助的「動·絡」新傷殘人士支援計劃。

### ● Service Introduction

Counselling and support service of the Association is committed to providing professional counselling and support to those in need who have not yet received long-term or formal services in the community. The wide range of services include home-based counselling, rehabilitation training, community resource matching, referrals for appropriate and formal services, and organizing developmental groups, etc. Service projects include "Care for the Carers" project funded by The Community Chest of Hong Kong, and the "Jockey Club Support Programme for Persons with Newly Acquired Disabilities" funded by The Hong Kong Jockey Club Charities Trust.

## 積極拓展地區網絡，促進照顧者多元發展

於年度內，照顧者專線積極與各地區支援照顧者的網絡協作，為照顧者於地區上提供更全面的服務。團隊與地區友好團體合辦照顧者茶座，交流營運心得，致力為照顧者提供全面體驗。另外，亦於年度內與地區網絡合作，在社區推廣照顧者服務，為照顧者提供即時及便捷的情緒支援。街站除了宣傳服務以外，亦進行公眾教育，喚起社區人士關注照顧者的需要。

## 善用網上平台，全力支援在職照顧者的需要

於後疫情時代，照顧者專線除了進行實體小組，亦持續地於網上平台進行直播減壓活動，例如健體運動、手工藝及養生食物製作等，讓照顧者即使足不出戶，亦能享受身心靈的成長。近年照顧者漸趨年輕化，在職照顧者的人口越來越多，同時兼顧工作及照顧的責任，往往容易忽略個人身心健康。為此，照顧者專線積極發展網上平台，為在職照顧者提供便利及易明的內容，讓他們在有限的私人時間下，亦可有系統及便捷地管理個人身心健康。

## Expanding Local Networks and Promoting Carers' Diversified Development

During the past year, Care for the Carers project actively collaborated with carer support networks in different districts to provide more comprehensive services to carers. The project jointly organised Carer Cafés with district organisations to exchange operational experience and strive to provide a comprehensive experience for carers. The project also collaborated with district networks to promote carer service in the community by providing on the spot emotional support for carers. Street stations were also set up to promote the service as well as arousing the awareness of the public towards the needs of the carers in the community.

## Utilising Online Platforms to Support the Needs of Working Carers

In the post-pandemic era, Care for the Carers project continued to conduct stress relief activities, such as physical exercise, handicrafts, and healthy food preparation, through online platforms to support the physical, mental, and spiritual needs of working carers. As there are more young carers who need to go to work and care their family members at the same time. These young carers will easily neglect their personal physical and mental health. Therefore, Care for the Carers project developed an online platform to provide carers with convenient and easy-to-understand content on health management so that they can manage their physical and mental health in a systematic and convenient way during their limited personal time.

## 跨專業合作 為新傷殘人士提供適切服務

輔導及支援服務透過賽馬會「動·絡」新傷殘人士支援計劃，以跨專業合作模式為新傷殘人士提供服務。本計劃有社工、心理治療師、護士、職業治療師、物理治療師等，一起參與制定及提供復康服務，包括上門家居護理和訓練、情緒支援服務，推行自我管理小組等。今年疫情穩定後，協會陸續開展實體小組活動及訓練，如舒緩情緒及排解壓力的藝術治療互助小組及「長期病患自我管理」小組。小組內容包括由註冊護士講解飲食和用藥指導、職業治療師教授家居運動，以及由社工分享情緒抒發的方式，使參加者學會自我管理計劃，回應個人需要的復康療程。

## 以自我管理、社區參與模式 為新傷殘人士提供個案服務

由於新傷殘人士需要較長的復康期，而部份人士亦患有長期病患，所以賽馬會「動·絡」新傷殘人士支援計劃致力推行「長期病患自我管理」及社區參與復康模式。計劃透過個人輔導、小組訓練及網上學習平台給予認知行為治療，提升其解決問題的能力，激勵他們適應轉變，促進他們對病患自我管理。計劃亦有「生命導師」的培訓及服務，透過回顧和整理個人復康經歷，分享予同路人，讓他們互相支持，恢復社交，自我接納及重投社區。

## Multi-disciplinary Collaboration to Provide Appropriate Services for Persons with Newly Acquired Disabilities

Through Jockey Club Support Programme for Persons with Newly Acquired Disabilities, counselling and support services are provided to persons with newly acquired disabilities through multi-disciplinary approach. Social workers, psychotherapists, nurses, occupational therapists, physiotherapists, and other professionals work together to plan and provide rehabilitation services, such as home-based care and training, emotional support services, and self-management groups. As the pandemic situation stabilised, the Programme started to conduct face-to-face group activities and training, such as Art Therapy Mutual Support Group for emotional relief and stress management, and Chronic Disease Self-Management Programme Group. These groups were jointly run by different professionals, including registered nurses who provided dietary and medication guidance, occupational therapists who taught home exercises, and social workers who provided emotional support, enabling participants to plan their own rehabilitation programmes to better suit their needs.

## Providing Case Services for Persons with Newly Acquired Disabilities Based on the Self-Management and Social Model

As persons with newly acquired disabilities often require a long recovery period and may also have chronic illnesses, Jockey Club Support Programme for Persons with Newly Acquired Disabilities is committed to implementing the Chronic Disease Self-Management Programme and Social Rehabilitation Model. Cognitive-behavioural therapy is provided to users through individual counselling, group training, and e-learning platforms to enhance their problem-solving skills and motivation for change. The Programme also includes training and services of “life coaches” who share their personal experiences on recovery with fellows so that they can support each other, help restore their social life, facilitate their self-acceptance and re-integration into the community.

Thus, facilitating them to live in the community, actively participate in community activities and enjoy a healthy and dignified life at old age.

## 認知障礙症服務

受疫情影響，本年度中心於部份時間難以在中心舉辦恆常活動。因此，認知障礙症服務的重心轉向家訪或提供物資，讓長者在家進行訓練活動。中心嘗試利用網上平台與長者分享認知障礙症的資訊，並製作多元化的工作紙，有助長者在家中訓練認知能力。此外，中心提供不同的桌上遊戲給長者借用，以增進長者與照顧者之間的互動，促進長者在家進行認知刺激活動及訓練。中心亦舉辦運動工作坊，透過物理治療運動，讓長者的腦部有更多刺激，並同時鍛鍊體魄。

在疫情穩定時期，坪洲長者鄰舍中心與香港展能藝術會合辦治療小組，為長者提供音樂治療及藝術治療。而赤柱石澳長者鄰舍中心則舉行了認知障礙症長者及其護老者的平衡小組，讓護老者能交流護老心得，互相支援，認知障礙症患者亦能按著他們的進度，進行認知訓練。

## Dementia Services

Due to the impact of the pandemic, the centres faced challenges in organising regular activities on-site during the year. As a result, the focus of dementia services shifted towards home visits and provision of materials for elderly persons to carry out training activities at home. The centres also attempted to share information on dementia with elderly persons through online platforms and developed various worksheets to enable elderly persons to train their cognitive skills at home. In addition, the centres provided various board games for elderly persons to borrow for use so as to enhance the interaction between elderly persons and their carers, and to facilitate them in conducting cognitive stimulation activities and training at home. The centres also organised physiotherapy exercise workshops to stimulate the brain functions of elderly persons and improve their physique.

During period when the pandemic stabilized, Peng Chau Neighbourhood Elderly Centre and Arts with the Disabled Association Hong Kong co-organized music therapy and art therapy groups for the elderly. Stanley/Shek O Neighbourhood Elderly Centre also conducted a balance group for elderly persons with dementia and their carers, allowing carers to exchange their experience and provide mutual support. At the same time, persons with dementia were able to engage in cognitive training at their own pace.

## 中心科技發展

長者對數碼科技的需求增加，團隊於年度內舉辦不同形式的數碼科技培訓讓長者能夠掌握相關的知識及技能。坪洲長者鄰舍中心於年度內邀請兩間機構提供 9 節簡單實用的手機應用知識課程，共有 130 名長者參加。部分長者更願意成為數碼大使，教授獨居長者使用數碼科技知識。

此外，在香港賽馬會慈善信託基金的支持下，兩間長者中心參與了賽馬會 e 健樂電子健康管理計劃，利用先進的電子科技及創新服務模式，提升長者對健康管理的能力，促進他們的健康與安康。為此，兩間中心分別安裝了體檢站和健身器材，並應用電子和數碼化健康管理科技及創新模式，以改善長者的生活質素。同時，透過收集和整合數據，分析長者的健康狀況和模式，以便更好地為他們提供服務。

## Digital Technology Development in Centres

With the increasing demand for digital technology among the elderly, both centres organised various forms of digital technology training throughout the year to enable them to acquire relevant knowledge and skills. Peng Chau Neighbourhood Elderly Centre invited two organisations to provide 9 sessions of training courses on simple and practical mobile phone applications. 130 elderly persons attended the training courses. Some of them even expressed interest in becoming digital ambassadors to teach other elderly persons living alone how to use digital technology.

Furthermore, with the support of The Hong Kong Jockey Club Charities Trust, the two elderly centres participated in the Jockey Club Community eHealth Care Project. This project utilises advanced electronic technology and innovative digital health solutions to enhance the ability of elderly persons to manage their health, thus promoting their healthiness and well-being. To this end, the two centres installed health stations and exercise equipment, and applied electronic and digital health management technologies and innovative models to improve the quality of life of elderly persons. Through the collection and integration of data, the health conditions and patterns of the elderly were analysed so that services could better tailored to meet their needs.

坪洲樂齡薈 2.0 地區工作成果

Achievements in Community Work of Happy Ageing in Peng Chau 2.0 Sponsored by CIIF

Funded by Community Investment and Inclusion Fund of the Home and Youth Affairs Bureau, the Association conducted “Happy Ageing in Peng Chau 2.0” to organize volunteer activities and to create a cross-sector collaboration platform in Peng Chau, with the objective of creating a caring culture in Peng Chau and an island where elderly individuals can enjoy their ageing. Apart from continuing to actively care for the frail and needy elderly on the island through the collaboration with “Love and Care Alliance in Peng Chau” platform, the Project also invited businesses in Peng Chau to become “Caring Shops” by referring elderly persons in need to social workers for follow-up services, assisting in promoting the service, participating in volunteer activities, and donating materials, etc. Furthermore, the Project mobilised residents in Peng Chau to form the “Peng Chau Community Volunteer Group” to provide support services for elderly persons in need, thereby fostering a culture of care in Peng Chau. The Project received extensive media coverage during the year, allowing the public to understand the warmth and community spirit of Peng Chau.

在第五波疫情期間，坪洲長者鄰舍中心的「坪洲社區義工團」成員不僅積極參與防疫工作，還主動將物資送到確診者住所門外，並透過電話及通訊軟件關心確診者。該計劃在疫情期間支援了超過 1,000 名坪洲居民。而赤柱石澳長者鄰舍中心亦聘用護士於石澳及大浪灣提供驗血糖服務，支援郊區長者的基層醫療需要。

New Directions for the Work on Community Care in Rural Areas

In order to enable elderly persons to keep their physical health and prevent deterioration in their physique, the centres arranged fitness coaches to provide exercise training at homes of those in need. In addition, the centres gave care and support for the elderly through telephone consultations and distributing supplies within the community. The centre also provided referral services to enable elderly persons in need to obtain appropriate information and services.

During the fifth wave of the pandemic, members of the “Peng Chau Community Volunteer Group” of Peng Chau Neighbourhood Elderly Centre actively participated in pandemic prevention work. They took the initiative to deliver supplies to the homes of COVID-19 patients and provide emotional support through telephone calls and mobile applications. Throughout the pandemic, the project supported over 1,000 residents in Peng Chau. Stanley/Shek O Neighbourhood Elderly Centre also employed nurses to provide blood glucose testing services in Shek O and Tai Long Wan to address the basic healthcare needs of elderly persons in rural areas.

兩間中心在年度內為年輕長者開設各種活動，包括酒精墨水畫、紙製燈籠、新興運動及資訊科技義工活動等，讓他們不僅學習技能，還可以發揮所長，建立正面及充滿活力的形象。而由香港賽馬會慈善信託基金資助的「賽馬會樂齡新天地—香港傷健協會悅齡展翅薈舍」為 50 歲或以上的退休人士提供有系統訓練，使他們經過 3 年訓練後成為獨當一面的「悅齡導師」，於賽馬會傷健營帶領不同類型的活動；並鼓勵他們開創退休後的新角色，包括參與坊間市集，分享他們的手工藝及舉辦工作坊課程等。

## 回應公共政策，與地區康健站及地區基層醫療組織合作

自 2022 年起，坪洲長者鄰舍中心便與由鄰舍輔導會負責的離島地區康健站合作，每個月為居民提供兩次健康檢查服務、健康講座及運動班，大大地提高了居民的健康意識。另外，香港防癆心臟及胸病協會（中醫服務）亦經常為坪洲居民舉辦健康講座及健康諮詢服務，讓居民更了解自己的健康狀況。

此外，自 2022 年 11 月起，坪洲長者鄰舍中心聯同香港醫務委員會執照醫生協會合作舉辦了 3 次關懷探訪暨義診服務，除了定期為區內長者提供義診及解答在醫療上的問題外，更為各位照顧者提供了不少照顧上的意見。來年有關服務將擴展至南丫島，讓更多長者及照顧者受惠。

## Services for Young Elderly

During the year, the two centres organised various activities for young elderly persons, including alcohol ink art, making paper lanterns, newly emerged sports and volunteer activities on information technology. These activities could not only allow them to learn new skills and showcase their talents but also help them to foster a positive and vibrant image. The “Jockey Club Place for Healthy Ageing – Hong Kong PHAB Association Happy Ageing Hub” sponsored by The Hong Kong Jockey Club Charities Trust provided systematic training for retirees aged 50 and above, with the objective of training them to become “Happy Ageing Tutors” who are capable of leading different types of activities at Jockey Club PHAB Camp. They were also encouraged to take up new roles after retirement, including participating in bazaars to share their expertise in handicrafts and conduct training workshops, etc.

## Collaboration with District Health Centre Express and Community-based Primary Healthcare Organisation as a Response to Public Policies

Since 2022, Peng Chau Neighbourhood Elderly Centre partnered with the Islands District Health Centre Express operated by the Neighbourhood Advice-Action Council to provide residents with health check-up services, health talks and exercise classes twice a month. This collaboration has significantly increased the health awareness and overall well-being of the residents. Furthermore, Hong Kong Tuberculosis, Chest, and Heart Diseases Association Chinese Medicine Service regularly organised health talks and provided free consultation services for Peng Chau residents, helping them to gain a better understanding of their health conditions.

In addition, starting from November 2022, Peng Chau Neighbourhood Elderly Centre had co-organized with the Association of Licensed Doctors of the Hong Kong Medical Council (ALMCHK) to provide 3 visits and voluntary medical consultation services for elderly persons in Peng Chau. Apart from providing regular medical consultations and addressing their medical-related issues, the programme also offered advice to carers. In the coming year, this programme will be extended to Lamma Island to benefit a larger number of elderly persons and carers.

## 『快樂·起動』 建立正向家庭及社區

疫情對香港帶來不同程度的影響，同時亦深深影響兒童、青少年、家長及長者的生活，而長期留在家中容易引致社交疏離、孤單感、無助感及不同的情緒和壓力問題。賽馬會沙田青少年綜合服務中心獲食物及衛生局精神健康項目資助計劃撥款，於二零二二年三月起推行為期兩年的「快樂·起動」社區推廣計劃，以推廣社區精神健康為切入點，培養地區不同年齡層之「快樂 TEEN 使」，動員不同中學生走進社區作推廣活動，培養共融、互助、和睦的互信關係，從而建立快樂和正面社區。當中邀請沙田循道衛理中學學生設計有關認識、表達情緒之桌上遊戲，有效於區內不同中學推行情緒健康活動。

## “Project of Promoting Community Wellness” – Building Positive Families and Community

The pandemic had been affecting Hong Kong in various aspects and also greatly affected the lives of children, young persons and their parents. Having stayed at home for a long time, they might easily feel social alienation, loneliness, helplessness and have different emotional and stress problems. 協會於港島南區的新服務「融 點」地區支援中心（南區）於 2022 年 9 月 15 日正式投入服務後，並獲社會福利署批准，於鴨脷洲利東商場設置新服務點，該中心面積約 373 平方米，設有多功能活動室，可用作職業治療、物理治療及舉行不同類型活動。中心裝修工程的招標程序已完成，並預計於 2023/24 年第一季正式投入服務。

興建多功能服務中心

協會於 2022 年 5 月獲香港賽馬會慈善信託基金批出撥款，於薄扶林營舍內興建一所多功能服務中心。中心內將設有多項服務設施，包括水療池、評估及運動室、多間作不同用途的活動室／區域，例如互動健身室、數碼科技教室、烹飪室、靜修室、明陣、園藝區和無障礙體驗區。協會已於 2022/23 年度委任項目管理顧問、建築及相關工程顧問及工料測量顧問。預計工程將於 2024 年 1 月開始，於 2025 年 4 月完工。

Facilities Enhancement

Maintenance and Replacement of Air Conditioning System

To follow up with the works carried out in the previous year, the Association continued with the second phase of maintenance and replacement works of air-conditioning systems for service units, including Kowloon East PHAB Centre, Jockey Club Shatin Integrated Service Centre for Children and Youth, Peng Chau Neighbourhood Elderly cum Children/Youth Centre and Pleasure Place, to improve their ventilation system and air quality.

Repair and Maintenance of Automatic Doors

In recent years, there have been several accidents involving electric gates and automatic doors, which has raised the concern of the public towards the safety of public facilities. The Association has also engaged qualified contractors in recent years to carry out regular repair and maintenance work for automatic doors in service units to ensure the normal operation and safe use of the automatic doors.

New Premises of i-Point District Support Centre (Southern)

Subsequent to the commencement of the Association's new service, i-Point District Support Centre (Southern), on 15th September 2022, the Association was approved by the Social Welfare Department to set up the Centre in Lei Tung Shopping Centre, Ap Lei Chau. The Centre, with a total area of approximately 373 sq.m., contains multi-function activity rooms for conducting occupational therapy, physiotherapy and different types of activities. The tendering process for the fitting-out works of the Centre had been completed. It is expected that the Centre could start operation in the first quarter of 2023/24.

Construction of Multi-function Services Centre

The Hong Kong Jockey Club Charities Trust has approved a grant for Association to construct a 3-storey Multi-function Services Centre in Pokfulam campsite in May 2022. Within the building, it will house service facilities, including aquatic exercise pool, exercise cum assessment area, activity rooms or areas for different purposes, such as interactive gymnasium, digital hub, cookery room, mindfulness place, Labyrinth, horticulture area and accessibility experiential area. Project management consultant, architectural and associated engineering consultants, and quantity surveying consultant had already been appointed in 2022/23. It is estimated that the construction works will be commenced in January 2024 and completed in April 2025.

資訊及通訊科技發展

經過過去三年電腦更換計劃後，協會的電腦全部升級到作業系統版本 Windows 10 或以上。同時，為簡化用戶帳戶管理的程序，協會為所有 Windows 10 或以上版本的電腦實施了單一登錄機制。員工可透過 Office 365 帳戶進行登錄，減少了他們登錄帳戶和密碼的數量，從而改善行政流程的效率和便利性。

為加強網絡安全及集中管理網絡，協會於年度內建立中央防火牆和站點到站點虛擬私人網路，讓資訊及通訊科技部門能夠遠程管理，控制中心網絡和關聯的電腦設施，有助快速為各單位解決網絡問題，提高系統的可靠性和穩定性。

於 2022 年 8 月，協會協助賽馬會傷健營舍將所有無線網路設備進行升級。在安裝新設備之後，它提高了無線網路覆蓋範圍、效能和安全性。另外，協會亦為賽馬會「動·絡」新傷殘人士支援計劃推行一套網上視頻自學系統，讓服務使用者透過系統自主掌握復康訓練。

Information and Communication Technology Development

After three batches of computer replacement programme, the operating systems of all computers in the Association were upgraded to Windows 10 or above. To simplify user account management procedures, the Association implemented a single sign-on mechanism for all computers running Windows 10 or above. This enabled staff members to log in using their Office 365 accounts, significantly reducing the number of login credentials and improving administrative workflow efficiency and convenience.

To strengthen network security and centralized network management, the Association established a central firewall and site-to-site VPN connections during the year. This enabled the Information and Communication Technology Section to remotely manage and control the central network, facilitating rapid resolution of network issues for various units and improving system reliability and stability.

In August 2022, the Association upgraded all WiFi devices of Jockey Club PHAB Camp. After installing the new equipment, it improved the WiFi coverage, performance, and security. In addition, an online video self-learning system for Jockey Club Support Programme for Persons with Newly Acquired Disabilities was also implemented, enabling service users to enrol rehabilitation training through the system themselves.

## 籌款

### 主要籌款活動

為配合不同年齡的傷殘人士及健全人士的社會服務需要，協會不斷拓展各類型的服務以填補短缺的服務，及提升服務質素。因此，協會每年均舉行籌款活動，將所籌得的善款用作推行相關服務的經費，令更多有需要的人士得以接受合適的服務。

協會於 2023 年 2 月舉辦全新的年度籌款活動「《探索共融村》挑戰賽」，希望透過不同的團隊任務，包括無障礙體驗、運動及解難遊戲等，讓大眾可以用輕鬆有趣的方式了解傷殘人士的生活面對的困難，同時為協會服務籌款。首屆「《探索共融村》挑戰賽」共為協會籌得近港幣四十萬元。

每年一度的慈善獎券售賣活動於 2022 年 11 至 12 月進行。透過董事、委員、員工、服務使用者的努力，以及戶外銷售，本年度共籌得近港幣二十四萬元。

另一方面，協會於本年度亦再度成為永旺（香港）百貨有限公司「幸福的黃色小票」活動的受惠機構之一，讓公眾能夠透過消費以物資形式捐贈予本會，以支持協會的服務，及為推動傷健共融出一分力。

### 恆常籌款

協會除了不時獲得善長的捐款資助外，於 2017 年及 2019 年分別開始推行的月捐計劃及與換幣龍合作，繼續為協會帶來固定的捐款以資助協會的服務。由於網上付款日趨普遍，協會在網上捐款平台中，繼續設有 PayMe 及轉數快等選項，為捐款者提供更多選擇。

## Fundraising

### Major Fundraising Events

To meet the service needs of persons with and without disabilities of all ages, the Association continues to expand its services to fill service gaps and improve service quality. Thus, different fundraising events are organized every year to raise funds for implementing appropriate services for persons in need.

In February 2023, the Association organized a brand-new annual fundraising event, "PHAB Challenge". Through various team activities, including barrier-free access experiential games, sports, and problem-solving games, the event allowed participants to gain a better understanding of barriers encountered by persons with disabilities in their daily living while raising funds for the Association. The event successfully raised nearly HK\$400,000 for the Association.

The annual Raffle Ticket Sale was held from November to December 2022. Through the personal network of Directors, Committee members, staff members, and service users, as well as selling booths in public places, nearly HK\$240,000 was raised.

Furthermore, the Association once again became one of the beneficiaries of the "Yellow Receipt Campaign" organized by AEON Stores (Hong Kong) Co. Limited this year, which enabled the public to support the Association and contribute to the promotion of inclusion by making donations through shopping.

### Regular Fundraising Events

In addition to donations given by different donors from time to time, the Monthly Donation Programme and the partnership with Coin Dragon since 2017 and 2019 respectively continued to provide a steady source of income to the Association for its services. In view of the increasing popularity of online payment, the Association provided different payment methods, such as PayMe, and Fast Payment System (FPS) to provide donors with more options for making online donation.

為更積極地推廣社區友善的訊息，協會於本年度舉行了全新的主題式大型共融理念推廣活動 - 「共融節 2023」，以及加入不同共融體驗元素的年度慈善活動「《探索共融村》挑戰賽」，希望透過不同共融教育及體驗嘉年華攤位、藝術表演、手作工作坊、營地設施體驗及共融活動等，讓大眾可以用輕鬆有趣的方式了解傷殘人士的生活，同時讓不論傷與健的參加者都可以一同交流競賽，經歷愉快的一天。

除了舉辦不同活動之外，協會亦會出版不同宣傳品和刊物去分享訊息。協會除了出版以插畫帶出社區友善主題的全新協會單張，本年度亦再次出版《共融每一天》親子漫畫集 2，以有趣的方式，以及不同卡通人物的故事，深入淺出的鼓勵大眾在日常生活中視他人為平等。

協會亦持續於官方的 Facebook、Instagram 及 YouTube 平台發放有關共融、協會服務、活動以及健康相關的資訊，讓大眾能夠認識及了解協會的工作。

To further promote the message of a community-friendly environment, the Association organized a brand-new large-scale event, “PHABestival 2023”, in which an annual charity event, “Inclusive Village Exploration Challenge”, was also incorporated. The event provided participants with different elements on inclusion to experience. Through carnival booths on inclusive education and experiential activities, art performances, handicraft workshops, experiential activities on camp facilities, and inclusive activities, participants could gain an understanding of the lives of persons with disabilities in a relaxed and fun way. At the same time, participants of all abilities could compete and have a joyful day together.

In addition to organizing various events, the Association published promotional materials and publications to share different messages. Apart from releasing a new Association leaflet with illustrations highlighting the theme of a community-friendly environment, the Association also published the second volume of the “PHAB Everyday” comic book series. Through interesting stories featuring different cartoon characters, they encouraged the public to treat others as equals in their daily lives.

The Association will continue to disseminate information about PHAB integration, its services, programmes, and activities, as well as health related information through the official Facebook, Instagram, and YouTube channels to let the public know and understand more about the work of the Association.

### 機構傳訊與共融理念推廣

推廣「傷健共融」理念一直是香港傷健協會的使命，而由 50 周年起，協會更致力透過社交平台、傳媒報導、電台及電視節目等不同渠道，以及「社區友善，同步向前」的口號，推廣「友善社區」的願景，促進有不同需要人士都能在社區中自在生活，同時向公眾提供協會各項相關支援服務的資訊。

### Corporate Communication and Promotion of the Service Concept of the Association

Hong Kong PHAB Association is committed to promoting the concept of PHAB integration. Since its 50th anniversary, the Association has been actively promoting the vision of a “friendly community” through various channels, including social media platforms, media coverage, radio, and television programmes. With the slogan “Community-Friendly, Moving Forward Together,” the Association aims to facilitate a comfortable living environment for persons with diverse needs in the community and provide the public with information about the Association’s support services.

## 伙伴及資源拓展

協會一直積極與商界企業及政府機構合作，匯聚各界資源開展創新的工作，以及提升現有的服務；同時透過企業員工及公眾人士參與不同類型的義工服務及體驗活動，建立不同的傷健合作與交流平台，提升大眾對傷殘人士及其照顧者的認識和接納。

在滙豐香港社區夥伴計劃的資助下，協會上年度透過「健樂生活運動計劃」研發出原創新興運動「數健球」，讓不同年齡和能力人士都能在有限空間下保持運動的習慣，維持身心健康。該計劃於本年度已完滿結束，並成功透過數健球連繫超過 300 名社區人士和區內的不同機構。多得滙豐香港社區夥伴計劃的信任，協會於本年度再次獲得資助推行「健樂生活樂南區計劃」，將數健球由黃大仙區推廣到港島南區，讓南區內不同年齡和能力人士都能夠體驗數健球的好處和樂趣。而「健樂生活樂南區計劃」更有幸獲選為滙豐香港社區節 2022 的攤位之一，於中環遮打道向一眾嘉賓和數千名公眾人士介紹新興運動數健球。

## Partnership and Resources Development

The Association has been actively collaborating with corporations and government departments to bring together resources from all walks of life to carry out innovative services and enhance existing services. At the same time, through the participation of staff members of corporations and the public as volunteers in different types of volunteer services and experiential activities, different platforms for collaboration and exchange between persons with and without disabilities have been established to promote the understanding and acceptance of the public towards persons with disabilities and their carers.

With the support of the HSBC Hong Kong Community Partnership Programme, the Association developed an original emerging sport called “PHAB Ball” through the “Healthy Lifestyle Sports Programme” last year. This sport allowed persons of different ages and abilities to maintain their exercise habits in a limited space, and promote their physical, mental, and spiritual well-being. The programme was successfully concluded this year, connected over 300 persons in the community and different organizations. Thanks to the trust of the HSBC Hong Kong Community Partnership Programme, the Association has once again received funding this year to implement the “Healthy Happy Lifestyle Sport Project in Southern District”, extending the promotion of the PHAB Ball from Wong Tai Sin District to the Southern District of Hong Kong Island so that people of all ages and abilities in the

藝術培訓和手作發展一直是協會重視的項目之一。本年度協會共有「手創 180 藝術培訓計劃」及「共融表演藝術培訓計劃」兩項藝術培訓計劃在殘疾人士藝術發展基金資助下進行，讓會員能夠有系統地在舞蹈、音樂、戲劇、設計、手作藝術等進行培訓，發揮他們的創意。

而透過攜手扶弱基金的配對支持下，協會得到藍十字（亞太）保險有限公司及理光（香港）有限公司贊助，分別推行了「自煮烘焙培訓計劃」及「傷健環保生態遊 2022」。自煮烘焙培訓計劃讓一班有特殊學習需要青年接受專業的烘焙訓練，在探索前路之餘，同時聯同藍十字（亞太）保險有限公司企業義工隊，以社會服務回應社區人士的需要；而傷健環保生態遊 2022 則透過不同於大自然環境舉辦的活動，促進傷殘人士及其照顧者的溝通和身心靈健康。

而在疫情期間，協會仍繼續與商界企業及機構保持緊密聯繫，並在各界的捐贈和支持下，為有需要人士於疫情中搜羅防疫甚至生活物資，確保他們得到足夠的支援。在此感謝新世界發展有限公司的「Share for Good 愛互送」平台為有需要人

The “Healthy Happy Lifestyle Sport Project in Southern District” was also selected as one of the booths in the HSBC Hong Kong Community Festival 2022, providing an opportunity for the Association to introduce PHAB Ball to guests and thousands of the public in Chater Road, Central.

Art training and handicraft development have always been important projects of the Association. This year, the Association carried out two art training programmes, “Creativity 180” Inclusive HandCraft Training Programme and PHAB Performing Arts Training Programme, funded by Arts Development Fund for Persons with Disabilities. These programmes provided members with systematic training in dancing, music, drama, design, and handicrafts so as to unleash their creativity.

With the support of the Partnership Fund for the Disadvantaged, the Association received sponsorship from Blue Cross (Asia Pacific) Insurance Limited and Ricoh (Hong Kong) Limited to launch the Pastry Chef Training Programme and PHAB Eco-Tour 2022 respectively. The Pastry Chef Training Programme provided young persons with special learning needs with training on professional baking skills to help them explore their future while allowing volunteers from Blue Cross (Asia Pacific) Insurance Limited to provide voluntary services to meet the needs of the community. 另一方面，協會於本年度亦再度成為 AEON Stores 永旺（香港）百貨有限公司「幸福的黃色小票」活動的受惠機構之一，讓公眾能夠透過消費以物資形式捐贈予本會，以支持協會的服務，及為推動傷健共融出一分力。此外，瑞安建業有限公司、保得物業管理有限公司、港麗保安有限公司、栢麗服務有限公司、樂熹發展有限公司等亦積極參與及支持協會的各類型服務。

moted the communication as well as physical and mental well-being among persons with disabilities and their carers.

During the pandemic, the Association continued to maintain close contact with corporations and organizations. With the support from donors, anti-pandemic and daily supplies were sourced for giving out to persons in need so they could have adequate support. Thanks should be given to the “Share for Good” platform of New World Development Company Limited for providing the necessary supplies, as well as Hitachi Group and Chevalier International Holdings Limited for co-organizing various inclusive volunteer activities with the Association during the period when the pandemic was less serious so as to increase their understanding of, communication and co-operation with members of the Association, and to enjoy a good day together and promote the spirit of PHAB integration.

On the other hand, the Association once again became one of the beneficiaries of the “Yellow Receipt Campaign” conducted by AEON Stores (Hong Kong) Co., Ltd. this year, which enabled the public to support the Association and contribute to the promotion of integration of persons with and without disabilities through shopping. In addition, SOCAM Development Limited, Protech Property Management Limited, Conrad Security Limited, Polyking Services Limited, and Lok Hei Development Limited also actively participated and supported different services of the Association throughout the year.

董事會、委員會成員及員工之間的溝通

除了與對外機構及媒體保持緊密聯繫，協會內部溝通亦同樣重要。本年度協會共舉辦了兩次董事探訪及家訪活動，讓董事們、單位職員和會員可以互相交流溝通，分享服務的需要、挑戰及成果。

Communication amongst the Board of Directors, Committee Members and Staff Members

Apart from maintaining close communication with external organizations and different media partners, internal communication is equally important. This year, the Association organized two centre visits and home visits for Board Directors, Committee members, staff members and centre members to communicate and exchange ideas, sharing the needs, challenges, and accomplishments of the services.
